

Dear Taiwanese American and friend,

Tosia, lolat, sie-sie, and thank you .....

With your supports the enrollment of the coming 2010 Taiwanese American Conference/East Coast (TAC/EC) in University of Delaware from 7/2 to 7/5 has exceeded 550 and rising. The Taiwanese American Next Generation Summer Camp and Conference (TANG), which will be run in parallel on site, has experienced similar boost in registration.

Thomas Yu, the Executive Director of TANG 2010, has expressed his gratitude. "We would like to give an early thank-you to family and friends that have supported TANG. Our attendance has reached an all new high from recent years. Without your support, this would never have happened. As we continue to prepare for the next two weeks, we encourage those with family and friends to tell their children about TANG and invite them to come out for a fun-filled and enlightening experience. See our website at [tangeneration.org](http://tangeneration.org) to see videos and program information."

The TANG Summer Camp and Conference program has enlisted more than 15 counselors to carry out the graded program of Junior, Junior High, High School, College and Young Professional. The theme for this year is "Piercing Together" through discussion and workshops about community, identity, history, and personal growth. Mr. Hochie Tsai, the founder of Taiwanese [American.org](http://American.org) will be one of the featured speakers. Not to mention the project to perform in the Taiwan Night, a variety show, will definitely create lots of excitement and a sense of camaraderie among TANG goers.

Meanwhile, the first generation program - 2010 Taiwanese American Conference/East Coast also features 30+ speakers with dynamic topics that are relevant to Taiwanese American. This year's theme is "New Thinking, New Action". The planning committee encourages everyone to walk new footsteps, especially to bring new friends to the conference.

The committee gladly extend the late fee charge cut-off date to 6/28 by post mark. This is a gesture in particular made for the incoming attendees to invite those first timers to TAC/EC. I am sure there are so many out there who have not heard about TAC/EC, and many who have not planned for the July 4<sup>th</sup> weekend. Let us mobilize to give this TAC/EC a heart-felt boost.

The confirmation letter has been sent out to each conference registrant during the weekend of 6/19. All details of registration form, conference program, driving directions, confirmation, speech contest program, and further updates can be accessed at [www.tacec.org](http://www.tacec.org). Please call me if you have questions.

I look forward to meeting you for a grand celebration of Taiwanese American identity.

Sincerely,

Wen Bunhiog Chang, 732-763-7071 cell
